Street Address  
City, Country, Zip Code:

January 8, 2021

Dear XXXX,

Congratulations on your admission to Davis College. Based upon our confidence in the education you will receive at Davis College, we are delighted to offer you this conditional letter of admission to Northeastern University.

This conditional letter of admission applies to all bachelor's completion degrees either online or on campus in Boston within the College of Professional Studies (CPS). Please note that your conditional admission is subject to your fulfillment of the CPS Community College Transfer Pathway requirements, including an online transfer application with supporting documents. The Admissions team retains full discretion to make the final decision on each student's application. If a student is not in good legal or academic standing at the time of application or transfer, admission is not guaranteed. For more information on Northeastern's bachelor's completion degrees, including transfer admissions requirements, Transfer Pathway partner community colleges, and information on transfer credit, please visit the CPS Community College Transfer Pathways webpage at [northeastern.edu/commcollege-transfer](http://northeastern.edu/commcollege-transfer).

Please note that upon successful completion of your bachelor's completion degree with a GPA of 3.0 or higher, you may also be eligible for admission to one of the university's graduate programs offered in Boston or at one of our regional campuses. Students who enroll in a second degree at Northeastern are eligible for the Double Husky Scholarship, which represents a 25% tuition scholarship for your second degree or program.

Northeastern is a top-tier global research university, nationally ranked for co-ops/internships in the United States. Through more than 3,300 employer partnerships in 136 countries, Northeastern has built its reputation as a leading university for experiential learning, helping our students be more successful in meeting their career aspirations.

The university is located in the heart of Boston, with convenient public transportation. Students can live in any one of the numerous nearby residential areas. Boston is a diverse and dynamic economic area and is considered one of the world's great cities for learning, with more than 150,000 of its residents studying at nearby universities and colleges.

We wish you the very best and look forward to staying connected and welcoming you to Northeastern University upon your successful completion of your associate degree at Davis College!

Sincerely,

David Fields, PhD

Senior Associate Dean, Academic and Faculty Affairs for Professional Programs
